For **FY 2017 payment determination** hospitals that elect to voluntarily submit electronic measures to meet the Hospital IQR program requirements must submit one quarter of electronic clinical quality measure data from Q1, Q2, or Q3 of CY 2015. Hospitals must use the 2014 version of the measure specifications and submit 16 measures covering three NQS domains from the 28 available electronically specified measures.

For **FY 2018 payment determination** hospitals will be <u>required</u> to submit at least 4 electronic clinical quality measures from the 28 available electronic <u>inpatient</u> clinical quality measures to meet the requirements of the Hospital IQR Program. Hospitals <u>must submit</u>, <u>electronically</u>, <u>Q3 or Q4 2016 data for 4 measures of their choice</u>. Meeting this requirement for the HIQRP will also meet the EHR Incentive Program's Meaningful Use requirement for eCQM reporting.

For **FY 2019 payment determination** hospitals will be <u>required</u> to submit all 15 inpatient electronic clinical quality measures to meet the requirements of the Hospital IQR Program. Hospitals <u>must submit data</u> <u>electronically for the full calendar year of 2017 by February 28, 2018</u>. This same requirement is being proposed for the EHR Incentive Program's Meaningful Use requirement.
